

American Collection

In stock Ready-to-Assemble Cabinetry

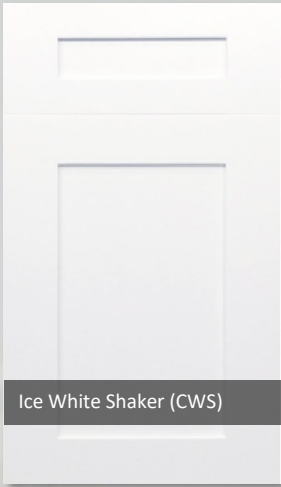

Woodland

Paired with a Natural Maple interior cabinet box for a clean, durable look. Please note that exposed cabinet sides will require matching skin panels to achieve a finished appearance. Designed to bring natural texture and modern style to any space.

Harmony

Features a sleek, modern finish with a matching interior cabinet box color for a seamless, premium appearance inside and out. Since exposed sides are finished to match, no additional skin panels are required, helping simplify installation while maintaining a clean, cohesive look.

Our Advantage

1

Locally Sourced Lumber

We select premium American-grown white oak hardwood for our Natural Oak product lines to ensure the highest quality materials and craftsmanship possible.

2

Durable Plywood Construction

Every cabinet we offer is CARB 2 compliant and built to high-quality plywood standards to ensure lasting durability and long-term performance.

3

Advance Construction

Our cabinet boxes use a dovetail assembly system designed for faster, easier installation while providing strong connections and long-lasting durability.

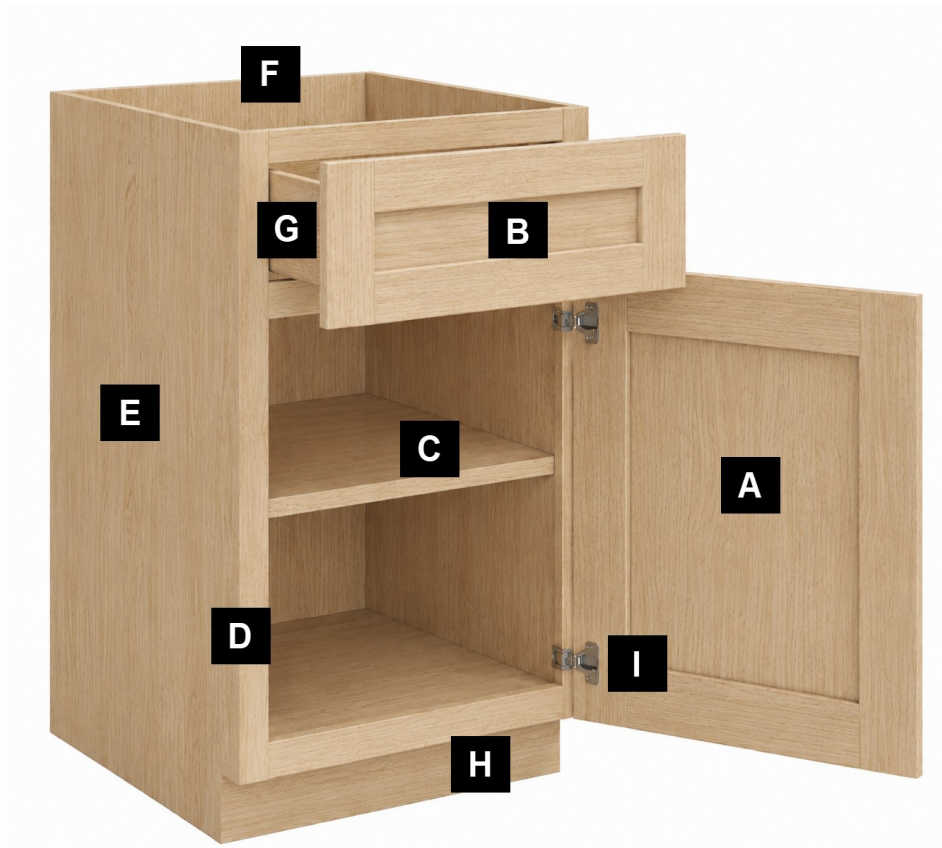

4

Limited Manufacture Warranty

Our cabinets are backed by a limited warranty covering defects in materials and workmanship, providing quality and durability you can trust.
