

Contractor Program Guide

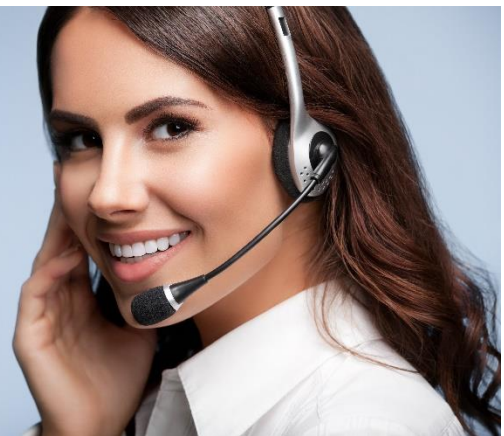

Contractor discount plus volume discount

You will easily win your customers' happiness and loyalty with our contractor discount. We understand price is one of the big concerns in today's industry, you will be also earning a percentage as volume discount on every purchase, the more you purchase, the more you can save. We want to ensure our factory direct low prices can help you be more competitive in the market and able to offer attractive bid on every new job.

Assigned account rep. who will provide you with great service and support

We will assign an experienced account representative who is also an expert designer to support you. You will enjoy the service from our rep. who will handles all your designs, track your orders and trouble shoot any issues. We will handle all the details from order to delivery. Your account representative can also help you work with your customer to discuss the design details over the phone or email.

Professional documentation for your presentation

Your account representative will prepare a professional presentation package for you and your customer to review. You will have professional proposal to present, and your customer will appreciate the detailed, well-organized information from you. The presentation package includes:

- A detailed floor plan
- Detailed elevation views
- Color perspective renderings
- Detailed spec of selected product
- Full material list and quote

Rush replacement support when you need it

When unplanned challenge arises, we are here and help you keep you project moving forward. Your replacement request always has priority and will ship directly to your location.

Become a certified Cabinetco installer

We are looking for long term relationship and we want to have win win situation with you. We want to ensure you are familiar with our product, each job you complete gets you a step closer to certification as Cabinetco Certified installer.

Free leads from our contractor referral program

After you became our certified installer, we will put your information on our website and let the homeowner search you for installation. Our designer will also referral you to our customer based on your location.
